Powering Business Worldwide

Eaton 5130 UPS

High-density power protection for critical loads from 1250 to 3000 VA—delivering more performance in less space at a value price.

Eaton Powerware 5130 Features:

- Protects connected equipment from five of the most common power anomalies: failures, surges, sags, under-voltage and over-voltage
- Provides more real wattage in less space with a 0.9 power factor—to protect more equipment and leave more room to expand IT systems
- Offers the choice of rackmount or tower installation—with space-saving 2U or 3U reduced-depth packages, including internal batteries
- Enables prioritised shutdown of non-essential equipment during outages to maximise battery runtime for critical devices—with load segmentation.
- Maximises availability with extended battery runtime options, hot-swappable batteries, optional maintenance bypass, remote monitoring and power management software
- Provides a two year limited warranty, Warranty+, Startup+, Warranty+ Silver and Warranty+ Gold service options available.

Product Option & Details

- Eaton Powerware 5130 1250VA / 230V Rack/Tower 2U (BCIT Part Number: PW86001)
- Eaton Powerware 5130 1750VA / 230V Rack/Tower 2U (BCIT Part Number: PW86003)
- Eaton Powerware 5130 2500VA / 230V Rack/Tower 2U (BCIT Part Number: PW86005)
- Eaton Powerware 5130 3000VA / 230V Rack/Tower 2U (BCIT Part Number: PW86007)
- Eaton Powerware 5130 3000VA / 230V Rack/Tower 3U (BCIT Part Number: PW86009)

Product snapshot

- Power rating: 1250 VA/1150W
1750 VA/1600W
2500 VA/2250W
3000 VA/2700W
- Voltage 230 Vac,
- Frequency: 50/60 Hz (auto-sensing)
- Topology: Line interactive, 0.9 power factor
- Configuration: Rack or tower; pedestal and/or rail kit provided
